

2020 General Plan Committee Goals

Downhill Ski Lodge

- By May 2020 develop a recommendation in support of a replacement ski lodge as previously recommended by GPC and approved by the Board.
- In this endeavor, GPC will work collaboratively with the Downhill Ski Lodge (“DHSki” Task Force, avoiding duplication of efforts or delay.

GPC/Staff Relationship and Communications

- By September 2020, in collaboration with Management, develop a set of practices and protocols to optimize the value of GPC’s assistance to Management in maintaining the Tahoe Donner General Plan and other responsibilities assigned to GPC by the GPC Charter and other governance documents and instructions.

Tahoe Donner General Plan

- By December 2020, assist Management in the development of a Tahoe Donner General Plan that is suitable for continuous updating.
- Based on management priorities, the 2020 work product may consist of a framework for the General Plan without fully addressing all its components.

Efficient Processes

- In all its activities, GPC will endeavor to use both its members’ time and Management resources efficiently, while carrying out its responsibilities as a source of independent advice and alternatives for Management and the Association.

Continuing Responsibilities

- GPC will also carry out ongoing responsibilities including assisting the Board by providing information, advice or recommendations as requested, collaboration with Management and the Finance Committee, providing an opportunity for owners’ views, and other responsibilities and requests directed to the committee by Management.
